

Have a go at some of these art ideas!

1. Can you create your own Aboriginal picture?

2. Create a Great Fire of London silhouette picture using marbling ink. You can make your own marbling ink at home using food colouring and cooking oil!

3. Make a flame sculpture! Draw a large flame on A4 paper. Put cling film over the top and put PVA glue in the centre. Move the glue into the shape of the flame. Use tissue paper, coloured paper etc to make a flame. Apply a layer of glue over the top of the flame to harden the sculpture. Once dry, cut around the flame.

4. Create a castle picture, using a sponge to print the stones.

5. Have a look at Paul Klee's work. Have a go at drawing a castle with different shapes, in the style of Paul Klee.

6. Cut out different shapes and create a collage castle.

7. If you go for a walk, take some paper and crayons with you and do some bark and leaf rubbings!

8. Look in a mirror and draw a self-portrait.

9. In your garden create a picture using natural objects.

10. Collect some petals from different flowers. Lay them out on a piece of paper and put another piece of paper on top. Get a hard back book and put the paper inside. Put some more hard back books on top to press your flowers. Leave for a few days and once your petals are pressed, have a go at creating a picture with them.

Have fun being creative!
