

RHPS Wraparound Care – Behaviour Contract

Details of the Behaviour Contract are as follows:-

- The rainbow rules promoted within the school will also be reinforced and promoted during the sessions of the Breakfast Club and After School Club. **Positive behaviour is EXPECTED.** Positive behaviour will be encouraged and celebrated through praise and rewards, in the form of verbal praise and recognition, Head Teachers Awards and individual nominations for Breakfast Club and After School Club attendees during Celebration Assemblies.
- There is a high expectation that children attending the Breakfast Club & After School Club will be well behaved and follow the school rules, in line with the School's Behaviour Policy. Unwarranted negative behaviour will not be tolerated, and will be challenged and discouraged through a system of warnings and consequences including sanctions and internal exclusions.
- Serious incidents of misbehaviour including inappropriate or threatening behaviour, aggressive physical behaviour towards children and adults, serious disrespect and or inappropriate comments or unsuitable language will not be tolerated. Any such incidents may result in a temporary external exclusion being imposed, and in some circumstances, a permanent external exclusion from the Breakfast Club & After School Club.
- If a child receives a temporary external exclusion, a member of staff from the Breakfast Club & After School Club will contact the parent or carer and request that their child is collected from the club as soon as possible. Depending on the severity of the incident, the temporary exclusion may result in the exclusion being extended to the following day(s). Permanent exclusions will be enforced when there is no other option available. If this happens, the child concerned will no longer be able to attend the Breakfast Club & After School Club and the parents/carers will be required to make alternative child care arrangements.
- The Breakfast Club & After School Club reserve the right to decide if the behaviour rules have been breached and to take appropriate action if necessary. Parents will be advised of any serious incidents of misbehaviour and will be kept fully informed of actions taken to deal with the behaviour.
- The Breakfast Club & After School Club recognises the importance of a partnership between parents and staff. Parental involvement is a fundamental part of the organisation of the clubs. Therefore, parents are actively encouraged to share their concerns, thoughts and ideas with staff from the Breakfast Club.
